# HUMOROUS DRINK LABELS GIVE YOU THE POWER TO CHANGE THE WAY YOU FEEL

**Change the way you feel, and you change the way you act!**

## **Here's why Up From Splat Humorous Drink Labels have so much power:**

Every Up from Splat label combines two potent weapons—humor and positive intention.

First, every Up From Splat Humorous Drink Label is, as the name proclaims, humorous. So using the labels raises your vibration via feel good fun.

Second, every Up From Splat Humorous Drink Label creates positive imagery to help you access the feeling place of what you want in your life. Since the universe brings to you experiences that match your current vibration, anything that helps you have the vibration of your desires will help you create the reality you want.

To access this fun power, all you need to do is download the Up From Splat Humorous Drink Labels pdf at <http://upfromsplat.com/labels/> then print the pages of the labels you want to use and cut out the size that fits your favorite beverage container.

Each label comes in two sizes—one size fits most water bottles. One size fits most soda size cans.

Once you cut out the labels, paste or tape the labels onto your beverage containers. Now, every time you take a sip of your favorite beverage, you'll smile and think about how you want to feel.

You can also laminate the labels and turn them into sleeves that easily slip over your beverage bottles or cans.

## The Power of Putting The Labels On Water Bottles

If you put the labels on water bottles, you'll add a third element to the power of the labels. Researcher and author Masaru Emoto has proven that water reacts to the words placed on it. Water also reacts to the thoughts and intentions that are directed at it.

When you drink water from a container that has an Up From Splat Humorous Drink Label, you're creating water that has the energy of your intention to keep a positive vibrational focus. You're creating water that has the energy of fun. And by using these labels, you can actually turn what you drink into a vibration-lifting power-beverage that can help you manifest what you desire.

Do yourself a favor. Have a little fun with the Up From Splat Humorous Drink labels. Use them to help you put your focus on abundance and joy so you can create the life you want!
